ABOUT YSA APP

- 1) This app is not only about self protection rather it powers you to help someone if He / She is in any trouble.
- 2) **Panic Button** - If anyone double clicks the panic button in emergency situation then immediately an emergency message will be send to the two registered numbers given by them and our team will immediately contact the police station control room for help and will share your GPS location with the police as well as on the two registered number given by you, so that you get the help as soon as possible.
- 3) **YSA Data** - There will be a complete record of all datas of Molestation, Rape, and Eve-teasing. There will be every minute details/records available regarding such incidents. This service will give you all kind of records or details required for such cases.
- 4) **Compliance** - If any women/lady faces any kind of incidents like Molestation, Rape, and Eve-teasing and cannot file any FIR under any political/social/ financial pressure or if they have already filed an FIR but cannot fight the case in that case if they connect to us then our Technical team will study their case and try all possible ways to make them get justice.
- 5) **Future initiative : Need a Cab** - If someone is travelling during 11 PM to 6 AM and they don't feel safe then they can opt for our cab services which is available with a Lady Cab Driver.
